

① Construct a concept map illustrating the complete Machine learning workflow for predicting house prices using suitable ML algorithm

A) key terms

- a) square feet
- b) Price per square feet
- c) amenities
- d) Nearby hotspots.

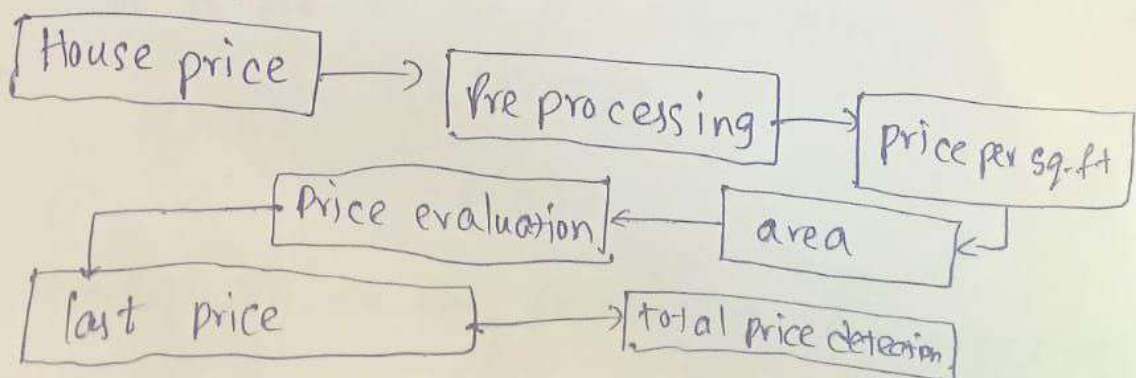

Relationship table

<u>1</u>	<u>2</u>	<u>3</u>
Supervised learning (SL)	Training data Testing data	more priority less priority

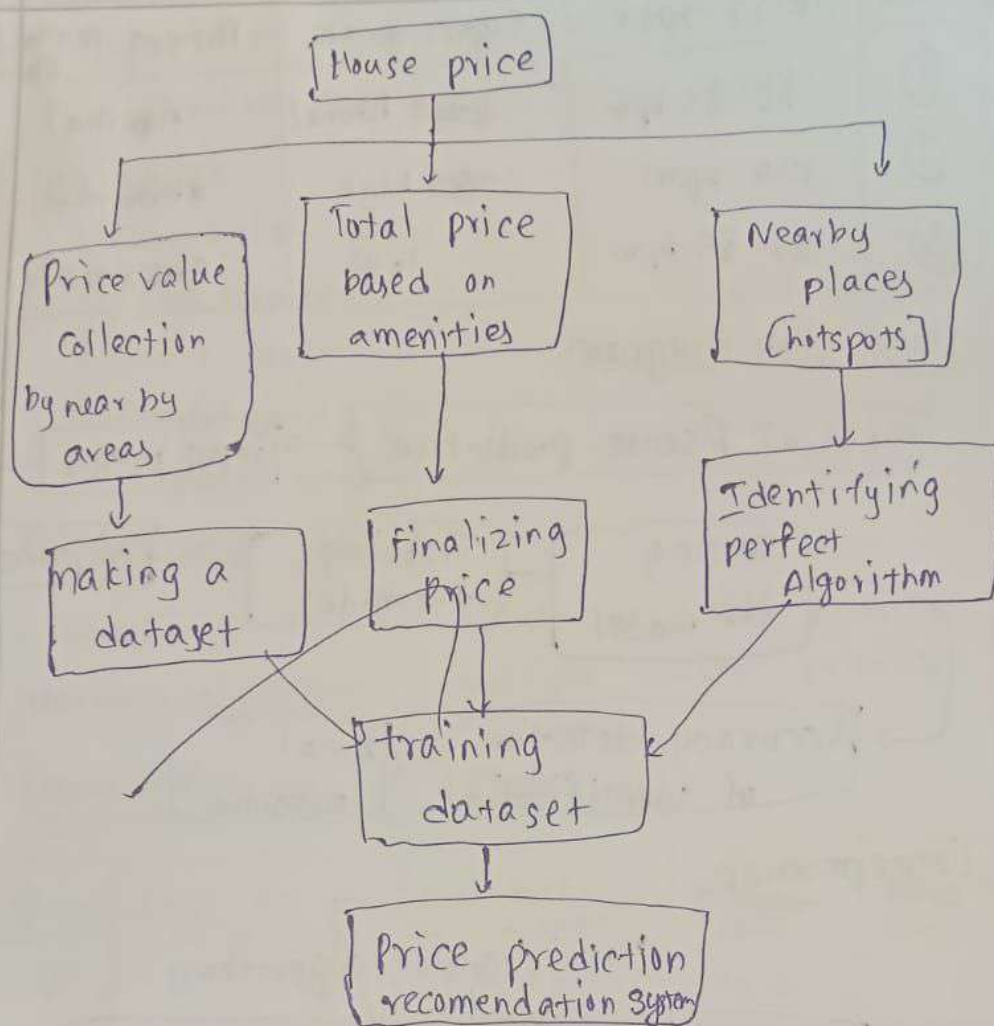

Demonstration of Data

Sl.no	Price per sq.ft	nearby area	Amenities	area
①	2000	Ambattur	world class	Avadi
②	6000	Chembarambakkam	normal class	Poonamallee
③	2500	Sriperumbudur	private class.	Porur

② Construct a concept map demonstrating how classification algorithms are used in Medical disease Prediction (i.e. diabetes or Heart disease Prediction)

A) Key terms

- a) Sugar levels
- b) Heart rate
- c) Disease
- d) Detection.

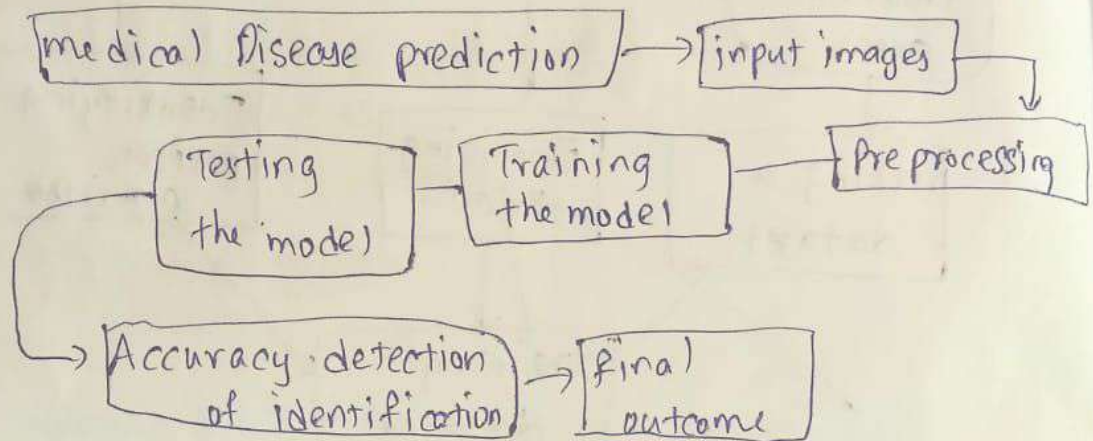

Relationship table

Classification algorithms

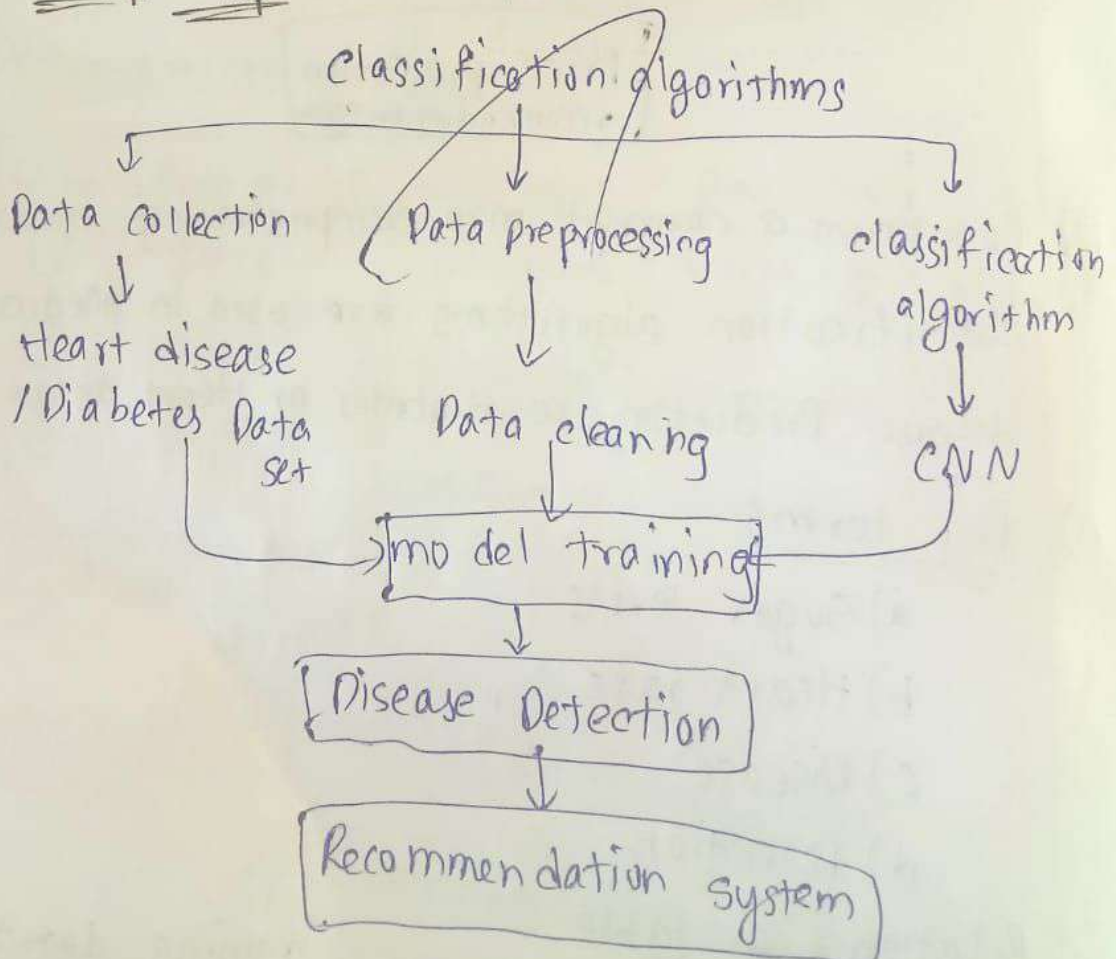

Training data 70%
Testing data 30%

Sl.no	Heart rate	Sugar level	Patient normal/ abnormal
①	80-85 bpm	low normal	normal
②	120 bpm	low high	abnormal
③	60-65 bpm	low	abnormal.

Data flow Diagram

Concept map

③ Construct a concept map showing how machine learning is applied in credit card fraud detection.

1) Card holder name

2) Card number

3) Debit card

4) Credit card.

5) Expiry date.

Relationship table

machir e

Linear

→ high priority

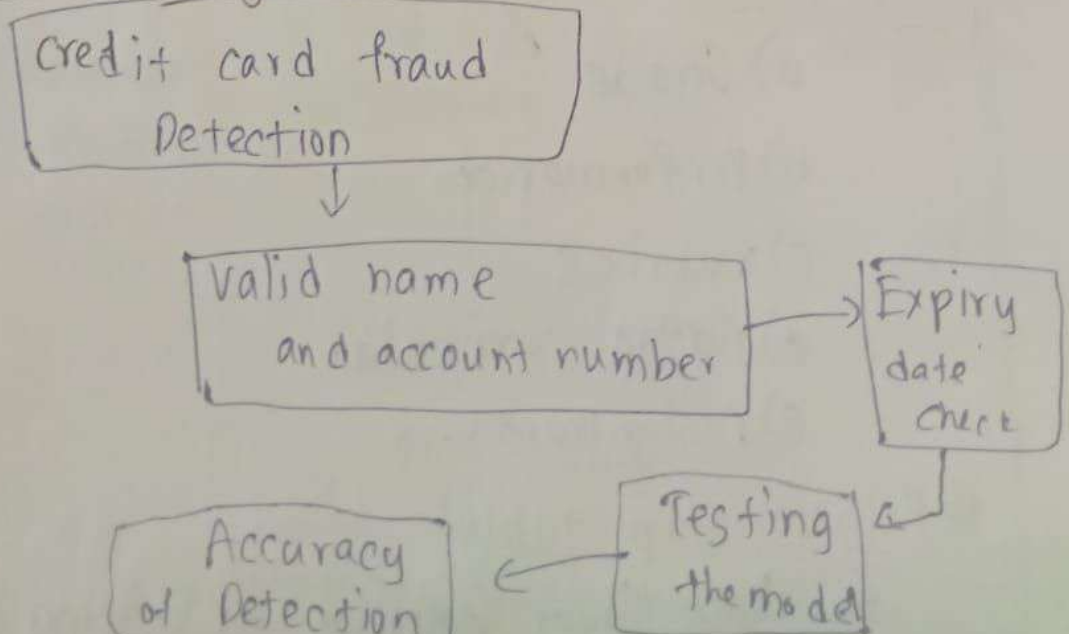

learning algorithms

multiple

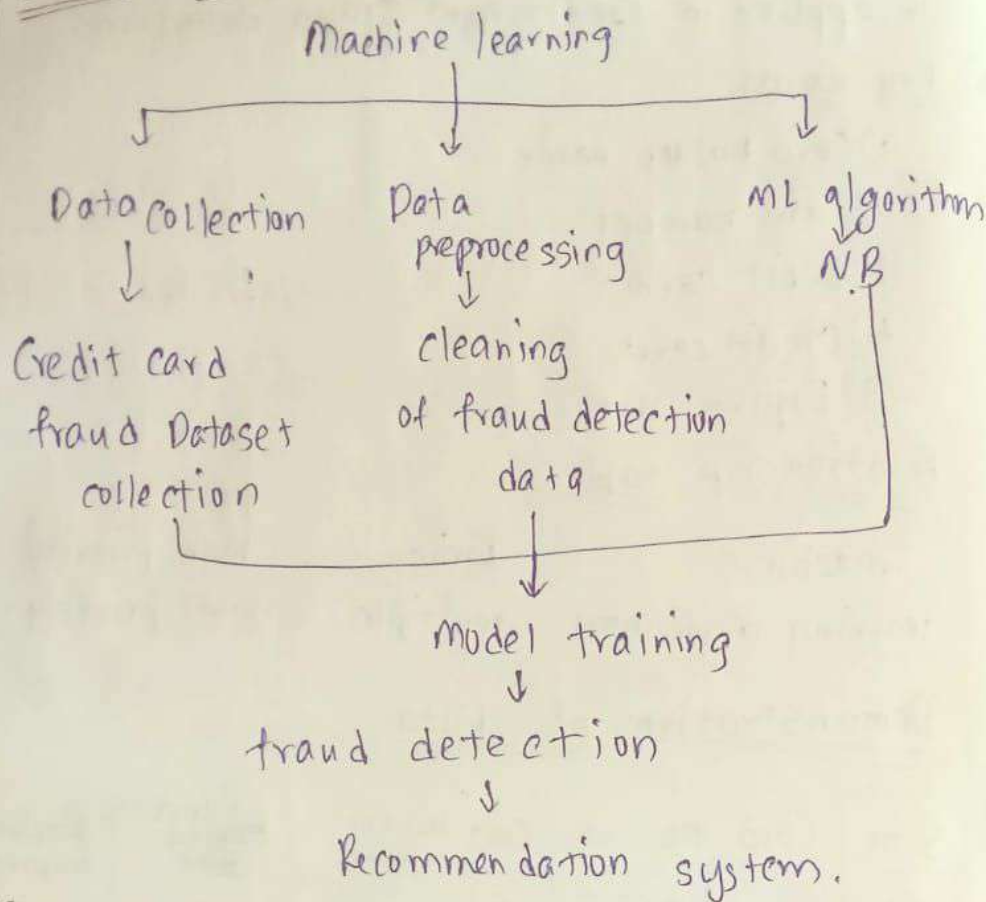

→ Low priority.

Demonstration of Data

Data flow Diagram

Concept map

(H) Construct a concept map for detecting the student performance using multiple linear regression algorithm?

A) key terms

- a) Grade
- b) Performance
- c) rubrics
- d) Extra curricular
- e) Assignments.

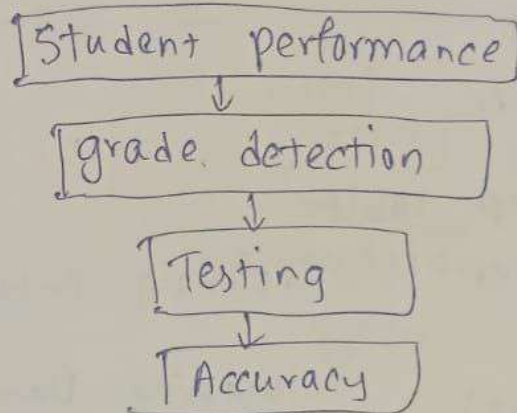

Relationship table

Multiple linear regression → Training and Testing.

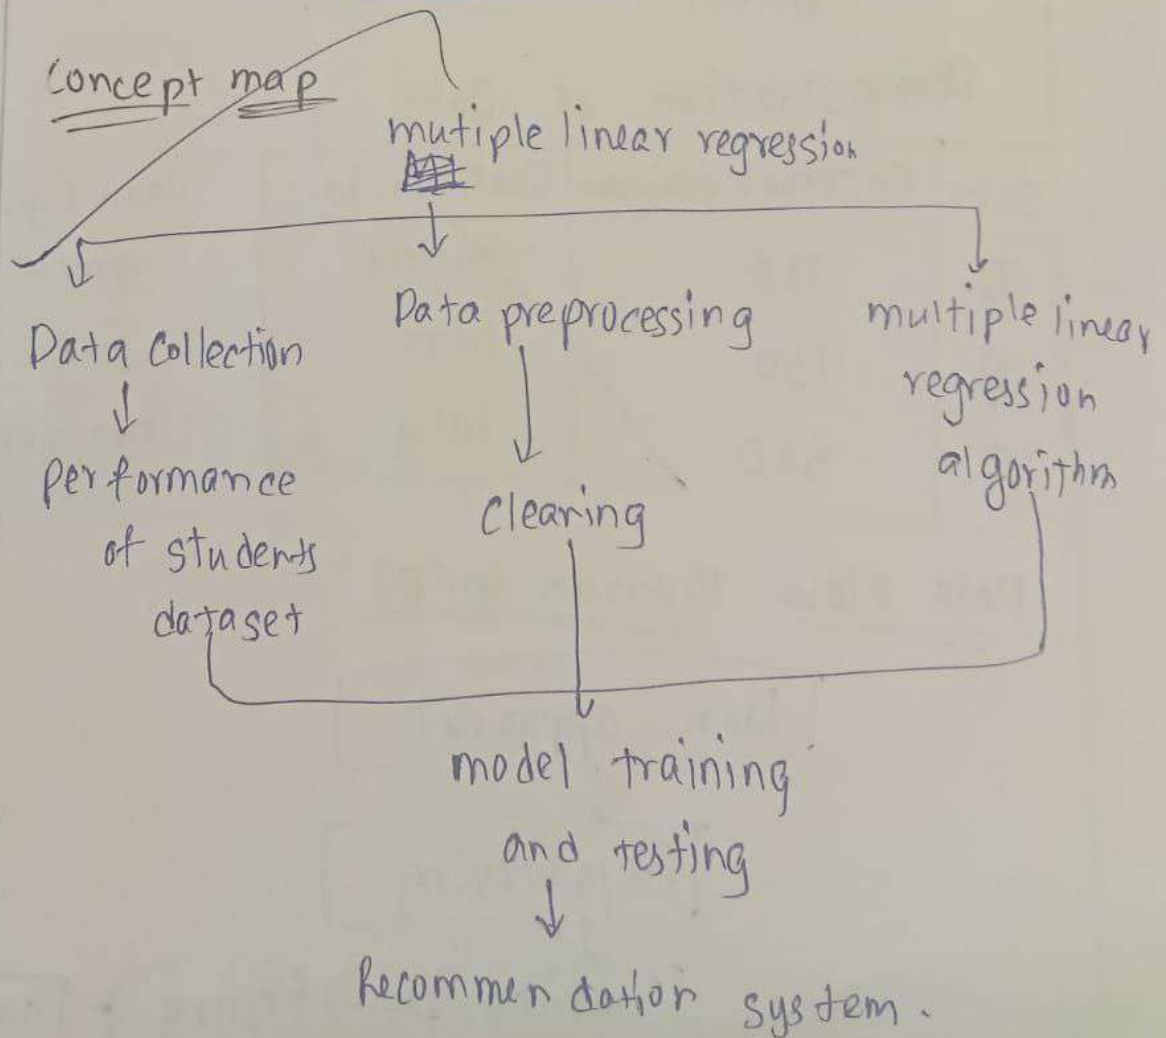

Demonstration of Data

Sl. no	name	Reg no	grade	marks
①	Satya	5066	A	92
②	archana	5013	B	87
③	austin	5016	S	98

Data flow Diagram

Concept map

⑤ Decision tree classifier based loan approval prediction?

A) Key Terms

- a) loan
- b) payment
- c) agreement
- d) checking
- e) customer

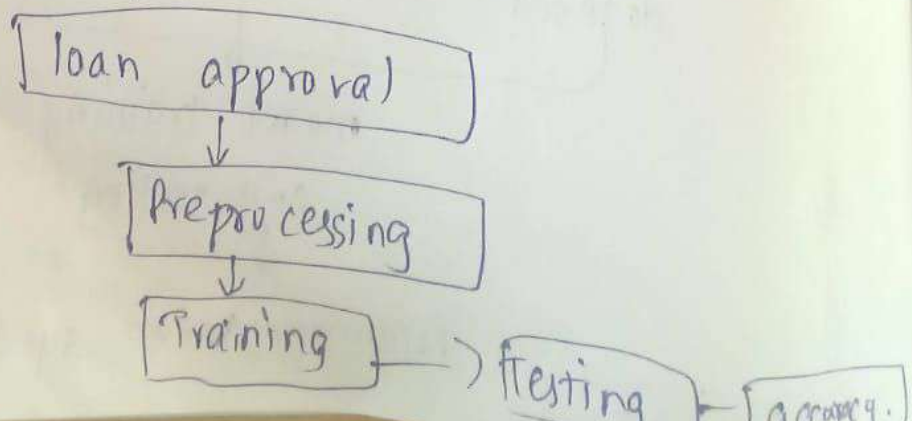

Relationship table

customer Training Data
Loan clustering Data
approval

Demonstration of Data

Sl.no	Customer cibil score	Customer id	loan / given / no
①	980	bunny	given
②	960	hero	given
③	500	lilly	not given.
